WELCOME MESSAGE

Dear Colleagues, Partners, and Trailblazers in Healthcare,

It gives us immense pleasure to welcome you to the **DoctorsAI Global Summit 2026**—a flagship gathering where the frontline of clinical care meets the frontier of artificial intelligence, with one clear priority: **Responsible AI that improves real patient outcomes.**

The momentum from the **DoctorsAI Global Summit 2025** was truly inspiring. It brought together an exceptional faculty, engaged delegates, hands-on learning, and meaningful collaborations—reinforcing a simple truth: **clinicians must remain at the centre of AI adoption** in healthcare.

As we step into 2026, the conversation is no longer only about what AI *can* do, but what AI *should* do—**how it should be validated, how it should be governed, and how we ensure accountability, equity, privacy, and trust** when AI becomes part of clinical decision-making. Responsible AI is not a limitation—it is the foundation that makes innovation safe, scalable, and clinically meaningful.

This year's summit is designed to be **practical and evidence-driven**—from evaluation and validation pathways, to real-world implementation workflows, to policy, ethics, and regulation. Expect high-impact keynotes, interactive panels, immersive workshops, live demos, and curated networking—along with strong platforms for research and innovation.

Our shared vision remains clear: to build a bridge between **clinical excellence** and **computational intelligence**, while keeping healthcare **human-centred and trustworthy by design.**

On behalf of the Organising Committee and the DoctorsAI–ICAIM community, we welcome you to learn, collaborate, challenge assumptions, and help shape the next era of AI in medicine—**responsibly.** We look forward to welcoming you in **Delhi.**

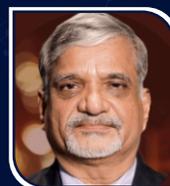

Warm regards,

Dr. Amit Kumar Dey
Organising Chair

Dr. Ashlesha Tawde Kelkar
Organising Secretary

Dr. SV Kulkarni
Scientific Chair

Dr. Shelly Sharma
Scientific Secretary

Summit Themes & Tracks

DoctorsAI Global Summit 2026

2026 Focus: Responsible AI in Medicine – evidence, safety, trust, and real-world impact.

Responsible AI, Ethics, Governance & Regulation

Building trust: safety, transparency, accountability, privacy, medico-legal readiness, and policy pathways.

AI Evaluation, Validation & Evidence Generation

From pilots to proof: external validation, bias auditing, real-world evidence, model drift, and reporting standards.

Augmented Clinical Intelligence & Decision Support

Clinician-first AI workflows for diagnosis, risk stratification, triage, and personalized care—bedside to boardroom.

Generative AI, LLMs & Clinical Documentation

Scribing, summarisation, coding support, patient communication, multilingual care, and guardrailed clinical GenAI.

Digital Therapeutics, Wearables & Connected Care

CGM and remote monitoring, adherence intelligence, virtual care models, and outcomes-driven patient engagement.

AI in Diagnostics: Imaging, Pathology & Lab Medicine

Next-gen diagnostics—from radiology and pathology to laboratory analytics and integrated diagnostic pipelines.

Human Augmentation & Robotics for Precision Surgery

AI-assisted surgical planning, navigation, robotics, rehabilitation tech, prosthetics, and responsible augmentation.

Precision Medicine, Genomics & Multi-Omics AI

AI-powered genomics/proteomics, risk prediction, pharmacogenomics, and personalised prevention.

Health Systems AI, Interoperability & Public Health Impact

AI for hospitals and health systems: operational intelligence, quality improvement, interoperability, and population health.

Innovation, Startups & Clinician-Industry Collaboration Track

Startup showcases, implementation partnerships, clinician-led evaluation, and real adoption journeys that scale.

SPONSORSHIP OPPORTUNITIES

Align your brand with a physician-first Aimovement

HEALTHTECH STARTUPS

MEDICAL DEVICE INNOVATORS

PHARMA INDUSTRY

HOSPITALS AND ACADEMIC BODIES

- Knowledge Partner – Co-host workshops & whitepapers.
- Innovation Expo Booth – showcase solutions to decision-makers.
- Catalyst Sponsor – power the Startup Arena & Investor Lounge.

Partner With Purpose at the Doctors AI Global Summit 2026

Join us in driving the future of medicine – where cutting-edge innovation meets clinical wisdom. Align your brand with India's most trusted physician-led AI community and engage directly with healthcare change makers, startup founders, hospital leaders, and AI investors.

KNOWLEDGE PARTNER

Get premium visibility, deep engagement, and strategic co-creation privileges.

DIAMOND: 10,00,000

- ✓ Sponsor 1 Key Session
- ✓ Premium Innovation Booth (3x3 Mtr)
- ✓ High-Visibility Branding
- ✓ 50 Delegate Registrations

PLATINUM: 7,00,000

- ✓ Innovation Booth (3x3 Mtr)
- ✓ Major Branding
- ✓ 30 Delegate Registrations

GOLD: 5,00,000

- ✓ Innovation Booth (3x3 Mtr)
- ✓ Major Branding
- ✓ 20 Delegate Registrations

INNOVATION BOOTH SPONSOR

Make your product shine where doctors and decision-makers explore what's next.

SILVER: 3,00,000

- ✓ Premium Stall Placement (2x2 Mtr)
- ✓ 10 Delegate Registrations

BRONZE: 2,00,000

- ✓ Basic Stall (2x2 Mtr)
- ✓ 5 Delegate Registrations

CATALYST SPONSOR PITCH DECK SESSIONS

CATEGORY A – 1,50,000

- ✓ 90 mins | 4 Speakers (20 mins each)
+ 10 mins Q&A
- ✓ Includes 4 Speaker Registrations

CATEGORY B – 1,00,000

- ✓ 60 mins | 3 speakers (15 mins each)
+ 15 mins Q&A
- ✓ Includes 3 Speaker Registrations

CATEGORY C – 50,000

- ✓ 30 mins | 2 Speakers (15 mins each)
- ✓ Includes 2 Speaker Registrations
